College and more importantly:
Heaven

Principally Speaking: A Message from Mr. Gallegos

St. Rose of Lima families,

It is hard to believe that spring is upon us. The new growth reminds me of the hope that we share for a better tomorrow, and the hope that we share in the Resurrection.

As we approach Holy Week, we look forward to sharing ways for you to be involved at school and ways that you can support at home. Those will be sent out on Class Dojo in the coming weeks.

Finally, please let me know if you have questions about the registration process for next year, or if you would like to schedule a time to talk about it in more detail.

Please know of my thoughts and prayers for you all, and please keep our teachers and staff in your prayers as well.

Humbly in Christ,
Mr. Gallegos

Principal Search

Thank you for your input in finding our new principal. The committee has begun to gather questions to ask of candidates. Please join us in praying the prayer written by Father Martin in helping us find our next school leader.

PRAYER TO ST. ROSE FOR A NEW PRINCIPAL

Gracious God,

you filled the heart of St Rose of Lima with charity and missionary zeal. You gave her the desire to make you known among all peoples. By the help of her prayers, obtain for us the grace of a holy principal for our school, filled with zeal for the education of children. We ask this through Christ our Lord. Amen

McDonalds Night

Thank you to all our families that came to McDonalds for our last fundraiser. This month's fundraiser is on March 31st from 3-6 to help with 8th grade Continuation. We hope to see you there!

Report Cards

We will send home Report Cards in Tuesday folders on March 29, 2022. We ask that you take your child's Report Card out of the envelope, keep it for your files, sign the envelope, and return the envelope with your child on Wednesday, March 30, 2022. This will help your child's teacher know that you did receive the Report Card.

Spring Fundraiser

Money is due for the spring fundraiser on Wednesday, April 20th

Please bring in:

\$240 if you sold chocolates

\$120 if you chose NOT to sell candy, and selected to "buy out"

Thank you so much to Mirta Jaquez, Glenda Contreras, and Nayeli Hernandez for sorting and placing name tags on each box of chocolate! You are amazing! By the time Christina Trujillo came to help the ladies were already done.

Thank you for all you do for St. Rose and our community with the short notice requesting your help!

Student of the Month for February

Student of the Month for February

Here are the students chosen for Student of the Month for February 2022 and what their teachers had to say about their choice:

Koalas – Vincent Frank you got it! Vincent has been a shiny young man all throughout February. He has grown in confidence, discovered his voice and has been an outstanding helper. Vincent regularly showed craftsmanship on his endangered animal and habitat drawings. Vinny has also been accountable for his learning by engaging in home connections and sharing his learning with his family. Vinny it is great to see the true you. You have worked extremely hard this month. Thank you for sharing all your jokes and laughs with our crew. You are one Kool koala!

Pandas – Azeneth Pena has grown so much! She is more confident approaching peers and asking them to play. She is friends with all her classmates and can be high energy, silly, and giggly, or very focused and serious. She is working on trying her best and persevering, as well as knowing when to ask for help or take a break. She is a very hard worker and a faithful friend. Azeneth, you are such a good example and leader to our class!

Kindergarten – Miranda Guizar Rodriguez has grown so much since the start of the year. She comes in independently in the mornings with no more tears, but a smile ready for the day. Miranda has persevered to write her name and know her letters. She also has worked hard on slowing down to make sure she is showing her best craftsmanship. She revises her work based on feedback given to her to improve and make it high quality. She always raises her hand to participate even if she isn't sure of the answer. Miranda makes sure that everyone has someone to play with or a partner in class. We are so proud of all your growth and kindness in our crew!

First grade – Catalaya Valdez has been an absolute rockstar in first grade! She does a wonderful job of showing all of her habits daily. She perseveres in her writing and reading! She collaborates and works well with every single crew member! She shows solidarity to all of her classmates and is always the first to help a friend in need! She has grown in her craftsmanship both when she colors and writes. She has also shown a great deal of accountability for her learning and her actions. The thing I love most about Catalaya is that she is always the first one to congratulate and celebrate her classmates. Every month when we listen to Student of the Month, Catalaya is the first to show celebration hands and tell them 'good job'!

Second grade – Angeline Hernandez has worked really hard on perseverance and collaboration this month. Angeline has done an excellent job of collaborating with other classmates during math and making sure that they are working together and staying on task. She also has done an excellent job with perseverance, especially in math and writing. Angeline loves number corner and loves to encourage and help her classmates solve the problems for the day. During writing Angeline is excited to get feedback so she can improve her work and make it better. Keep up the great work Angeline, we are so proud of you.

Third grade – Michelle Arballo is a wonderful crew member in our 3rd grade crew! She is always following our norms and holding her classmates accountable in a kind and respectful way. She gets to work right away and stays on task, without needing to be reminded. Michelle is kind, loving, hard-working, and accountable. We are very thankful for you, Michelle!

Fourth grade – Janessa Chacon continues to work hard and grow in 4th grade this year. She demonstrates the habit of accountability in everything she does. She keeps track of her work and makes sure everything is organized. She works diligently and always gets her work done on time. She stays on task without reminders and is extremely focused on growing as a scholar and disciples. She is also quick to help others who need help or support and is great at problem solving if an issue arises. She shows solidarity in the way she respects all of her crew members. Perseverance is shown in her positive attitude and in the way she works through difficult tasks. She does not give up and always tries different strategies. Keep up the great work Janessa!

Fifth grade – Daniella Vaillard-Acosta has been focusing this month on two habits. She has been concentrating on solidarity and accountability. Danny has shown accountability by asking clarifying questions. This has helped her test scores go up. She also takes ownership of her actions and behaviors. She knows that the words, "I'm sorry" are powerful words. She is able to self assess for her actions and behaviors. She is also working on solidarity. She uses kind words to let others know that she cares, and is listening to them. Her circle of friends has grown this year because of her words and actions.

Sixth grade - Jayden Garcia has really wowed all of his teachers this month. Since his conferences, he has really taken accountability for his areas of improvement and worked hard to make sure that he followed through on the goals that he has set. Jayden has not only improved in turning in homework and using his planner, but has truly increased the quality of his work. Furthermore, he maintains positive relations with his classmates and can work with all members of his class to produce something that is high quality. Hip-hip hooray for Jayden!

Seventh grade – Alexander Martinez has come into his own this Spring! He is an exceptionally hard worker, and his teachers have enjoyed seeing his rising confidence. With his increasing confidence in science and math, Alex has blossomed into our most STEM friendly middle schooler. All of these skills have demonstrated growth in his STAR tests. We are very excited to see what his craftsmanship leads to next! Keep up the great work Alex!

Eighth grade – It has been a joy for the middle school teachers to watch **Lillianna Torres** grow this month. She has done an especially good job at communicating with teachers and maintaining positive interactions with peers. Lillianna uses her core time well to meet with teachers, complete long-term assignments and catch up on any absent work. Her homework is meticulous and she can always be relied on to remind her classmates of upcoming assignments. In terms of habits, she is advanced in craftsmanship, accountability, and solidarity. Hooray for Lilli!

Congratulations to ALL of you!
